Subject: RE: Cancer text in communications plan for release of final methanol (noncancer) assessment and in IRIS Summary
Attachments: Methanol_Final Assessment_DRAFT Rollout Plan_9 11 13_v.2.docx

Thanks Lynn – this is helpful. I've made the change. I've also incorporated Jeff's edits. Here is an updated plan. If you haven't already started reviewing it, please use this version. If you've started reviewing the previous version, that's fine, too.

Subject: communications plan for release of final methanol (noncancer) assessment

Attached is a draft communications plan for the release of the final methanol (noncancer) assessment. Many thanks to Dahnish for putting together the first draft! Please take a look and let me know if you have any edits or comments. This plan includes internal Q&As that we will draw from if we get questions from reporters. Most of the responses are drawn from language in the methanol fact sheet and from previous Q&As on Ramazzini. Let me know if there are other questions you think we will get.

I need to send this forward to the IOAA by Sept. 16, so I would appreciate any comments or edits by COB September 11.
